

Report of Operative C.Morgan

194
Sept. 24th, 1926

Interviewed: Dr. Geo.S.McLaughlin,
225 Hale Street,

*Phillips
Jarn*

During the afternoon Operative interviewed Dr.

George S.McLaughlin of 225 Hale Street, who was supposed to be with Russell Walker the man who was supposed to have found the chipped basket with the blood stained clothing in it. Dr.McLaughlin said that Walker is a "liar" and that on Sunday evening, Sept. 17th, 1922 he drove over to DeRussey's Lane out of curiosity and met a Mr. Reynold and his daughter, a Mr. Thomas and eight or ten other men. That while they were standing there Dr.McLaughlin heard Mr. Thomas say that he heard over in the ward that blood stained clothing had been found. This was the time that Russell Walker overheard the conversation about the stained clothing. Dr.McLaughlin further stated that if Mr. Walker makes these statements on the stand he would be too glad to go to court and take the stand and show that Walker is lying.

Dr.McLaughlin does not know where Walker is now.
Operative returned to the office and reported same to Mr. Thomson.

Respectfully submitted:
